

IDPA/Defensive Pistol Practice Starts

May 4th, 2017

Every Thursday starting at 5:00 and running until the sun goes down and we are ready to pack it in.

We will be setting up real life scenarios to challenge your defensive pistol skills starting at 4:00. If you would like to help set things up or design the stage, come on out and join in. Once set up, we will be running each shooter through "IDPA" style.

"These Thursday night shoots are the best at helping all levels of shooters improve their defensive pistol skills and have a good time doing it. For \$5 a night, this is the best training opportunity around", says Joey Lee, one of the IDPA organizers from Saginaw Field and Stream Club.

IDPA Safety Officers oversee all shooting. Bring your gun and your holster and try your hand.
