From The President

Thank you for supporting the club during this unprecedented time. The executive committee and board have been following the Governor's Executive Orders closely to ensure we are making appropriate decisions in this continuously evolving environment. Our number one priority and the foundation for all of our decisions has been the health and welfare of our members.

We have received many calls and emails thanking us for making the hard decisions whether or not they agreed with our actions. We are always grateful for constructive feedback as we know that we do not have a monopoly on information or ideas. If you are not happy with the decisions that the board makes please e-mail (president@saginawfieldandstream.com) or call me (989.529.9289). I would be glad to explain our decision. We can agree to disagree but grumbling to strangers and posting negative comments about the board does nothing to improve the situation or your concerns.

We are a volunteer 501c4 non-profit organization. Our mission is to promote conservation and sportsmanship among sports persons and the general public through example and instruction; conserve and responsibly harvest our wildlife and natural resources; guard our land and waters against pollution and invasive species; cooperate with federal, state and local authorities in the propagation and conservation of fish and game; promote safe participation in the shooting sports.

If you do not support our mission you are not obligated to continue your membership. If you believe the board is incompetent and incapable of running the club in a fiduciary manner you are encouraged to run for a board position to improve our club and continue our mission so future generations can benefit from our way of life.

While the club has been shut down there still has been a lot going on. Membership Secretary Kelsey Hanson has been processing membership applications (electronically and mailed hard-copies). She is doing an outstanding job serving our members. Thank you Kelsey! The F.I.R.E.A.R.M.S. project designer is dotting the i's and crossing the t's to make sure every detail is correct. Once the Governor allows construction to resume, we will be ready to enter the final stages and break ground for our future. The forestry management program is well underway. The loggers have taken the last few loads of timber off the property and our next step is clean up. The futures project committee has been diligently looking at numerous options to get this done, unfortunately, the state being shutdown has slowed the process. The committee has adapted to overcome these challenges and they are getting a plan in place so that once they are able, they will hit the ground running.

Our 21st Annual All Outdoor Sports Banquet has been rescheduled for October 3rd. We hope to see everyone who purchased tickets there. The timing could not be better to win some great outdoor prizes or guns for the upcoming hunting season. If you have tickets and are unable attend, you can receive a full refund by mailing them in or dropping them off (once the clubhouse reopens) by June 27th. Be sure to include your tickets, name, and address. Once all information is verified, we will mail your refund.

I hope we are nearing the end of the restrictions so we can return to being the conservationists that we all enjoy being. Our mission and our way of life received a tremendous shot in

Club Shooting Hours

the area as a result of all this as going outside and enjoying nature is the one thing that was never banned. Hopefully, we can continue this trend and Saginaw Field and Stream can catapult the area to its full potential.

Stay safe, stay healthy. I hope to see you at our "little piece of up north."
