PRESIDENT'S THOUGHTS

Six months into 2023 and mother nature still hasn't decided whether it should be winter, or spring with summer in just a few weeks. I hope everyone had a safe and enjoyable Memorial holiday weekend. All club weekly events are in full swing except for the .22 Rimfire League which begins on Thursday June 8th at 5pm. We have a full schedule of events happening over the next few months, please see all the details within the newsletter and flyers. Some of those events are Loons Baseball outing fundraiser, Hunter Safety, R100, Open House, IAA Match, and 100 Bird Clay Shoot. Come on out and get involved, make some new friends while supporting the club.

Notice of Caution to all the dog walkers a porcupine has been spotted within the entrance area take caution while walking your dogs or letting them run freely with that area.

Thank you to the members who came out to the May membership dinner and meeting. We received an awesome presentation from Brian Lechel, Saginaw County Parks Director about the new Saginaw River Convergence Recreation Area. Brian was the winner of the 50/50 raffle and donated \$40.00 back to the club.

The IDPA Great Lake Regional was held on May 19th and 20th. It was a successful event there were 127 shooters from around the country and one shooter from Austria. I would like to say thank you to our members for being understanding and patient as not being able to use the ranges during some of the setup and the event. We received numerous good comments about the club from the shooters.

Come out and Enjoy Our Little Piece of Up North.

IDPA/UML Report by David Anderson

Let my aim be true and my hand faster than those who would seek to destroy me. Grant me victory over my foes and those that wish to harm me and mine. Let not my last thought be "If I only had my gun"; and Lord if today is truly the day that You call me home, let me die in a pile of empty brass.

'Tis that time to clean of the dust and knock off the rust! Defensive Gun practices begin **Thursday, May 4th** so come showoff all your offseason improvement. As we did last year, we will alternate Thursday practices between International Defensive Pistol Association (IDPA) and United Multi-Gun League (UML) also known as 3-Gun (pistol, rifle, shotgun).

We will host practice every Thursday at 6:00 p.m. May through October. If you have questions or would like additional information, please call:

Tony Nothelfer 989.498.9954 or David Anderson 989.928.9821

TRAP & SKEET REPORT by Mike Meyer

Our high school trap teams have finished their competition rounds for the Spring league. Valley Lutheran finished 2nd in their conference, just 6.5 points behind Hemlock. Both teams were almost 400 points better than the 3rd place team in the conference. Valley Lutheran had six shooters in the top 25 male shooters and two shooters in the top 10 female shooters.

Nouvel Catholic finished 3rd in their conference, with four male shooters and one female in the top 25.

In the thousands of shooters throughout the state, our two teams had 5 shooters in the top 100. Collin Engelhardt (VL) and Ryan Quackenbush (NC-F) were tied for 30th, Ben Tomandl (VL) was 39th, Rylee Ross (VL) was 70th and Ryan McDonald (NC-F) was 82nd.

Now the High School shooters have to practice for the State Tournament on June 17, and the National Championship on July 5-9. Both shoots will be held on the MTA grounds at Mason, Michigan.

Bullseye--Precision Pistol Fundamentals by Brian Miller

1. Stance—The stance is primarily perpendicular to the target while making it comfortable. Rotate your stance so your red dot or iron sights are centered in the Bull.
2. Grip—The grip must be firm like a firm handshake but not to the point of causing tremors.
3. Sight Picture—This must be consistent each and every time whether it's a center of bull alignment or a 6 O'clock hold.
4. Trigger Pull—must be an uninterrupted pulling of the trigger until the pistol fires *while not moving the sight picture*. Generally, if you take the shot when it looks right the shot will be somewhere outside of the black. Usually low, left.

If the Bullseye shooter performs these fundamentals for each and every shot, it will be a good scoring shot. This can also be applied to any shooting discipline not just Bullseye. Hope this helps other shooters.
