### My Final Thought:

Three years ago, I chose to take a journey one that I never would have imagined myself taking. I've never been the person who could stand up in front of a group of people and speak or take on the role of leading an organization. I chose to step out my norm and become president of this great club. While on this journey I've met a lot of great people and feel I made great strides overcoming the things I was not comfortable doing. During my terms as president the club has change in several areas, I believe they are positive changes and hope that the membership sees these changes as positive steps forward to, continuing to keep this great club moving forward. This journey is coming to an end I decided not to run for re-election. I will leave it in the hands of our next president to continue these positive steps into the future and I will assist them and the board of directors in any way possible. Maybe some time down the road I will choose to take that journey again.

Thank You to the membership for your support and positive conversation.

## TRAP & SKEET REPORT by Steven Witten

The Winter Traveling Trap League started off at the Shiawassee Club with a total of 35 shooters. Field & Stream came away with a solid lead, but we're going to have to keep the pressure on to maintain it. The second shoot was at Frankenmuth on Jan 21, and we did not shoot nearly as well as the first week. Shiawassee shot worse though and Frankenmuth shot slightly better. So, we maintained a good lead and Frankenmuth jumped to second place. The next shoot will be at Field and Stream on February 4. Then we repeat the cycle again. Wish us luck.

For you reloaders, our sources for supplies say that the cost of powder, primers and shells will be increasing significantly this year, and supplies will be scarcer, so start saving up.

No one shot any straights in skeet or trap this month. It must be because of all the cold weather gear we have to wear.

## THE COWBOY'S CORNER by Barb Bell

Howdy, pard. January got us back into wintery weather and we're hoping all are staying healthy, safe, and warm. Our cowboys are hunkered down and looking forward to spring. So, here I am, pondering on what to share this month.

Valentine's Day will be coming up soon. I could write about chocolates, flowers, or other sweet gestures. Instead, I think I'll pass along a little bit of cowboy history of how one gal got her man. Yup! Annie Oakley, also called "Little Miss Sureshot."

Annie's real name was Phoebe Ann Moses, but since her sisters always called her "Annie", and the fact that she lived near the town of Oakley, Ohio, she naturally chose the combination of both for her professional name.

Our little Annie had an exceptional talent for marksmanship from the age of eight when she took her first shot at a nearby squirrel, with her father's muzzle-loading rifle. It wasn't long before she was putting meat on the table and selling game to a local grocery store. It was her income that helped pay-off a \$200 mortgage on the family house.

Her shooting reputation eventually caught the attention of a Cincinnati hotelkeeper. He arranged a shooting contest between 15-year-old Annie and the professional sharpshooter, Frank Butler, who was traveling around the country, challenging local marksmen.

It was said that Butler actually laughed when he first saw his opponent. He hit 24 out of 25 targets. Annie hit all 25. It must of been that last shot that won his heart. The two were married the following summer and they stayed married for 50 years. They died within three weeks of each other in 1926.

Cupid can shoot his arrows, but I think Annie Oakley wasn't far behind him with her own shooting. As I researched her, I came across this statement that made me smile... "She outgunned a professional sharpshooter—and then married him." I've always liked the motto: "Behind every good man is a woman.....with a gun."

Until next time, remember to live life and give it your best shot.

Happy Trails from Katie Callahan

## **ARCHERY REPORT** by Mike Schoch

Wow how time flies, it just feels like yesterday we were ringing in the new year and now the first month is over, and yes, I almost forgot to write this report. All our indoor archery events are up and running. If anyone would like to see how our leagues are run, they are welcome to stop by Monday morning at 10am for the spot league or at 7pm on Monday or Tuesday night to see the animal leagues. I am sure if you want to give any of these a try the people that run the leagues would be glad to have you.

A heads up to members that have access to the indoor archery building I am in the process of e-mailing members. I am trying to get more information about members. I hope you will take the time to read and reply to me. I hope to have e-mails out in the next couple of weeks.

A big shout out to James Corriveau and Gary Jacques who participated at the Lancaster Classic January 25th through 28th. This is the largest indoor event on the East coast. As always if there was anyone else from Saginaw Field and Stream Club that attended this shoot, please let me know so I can recognize them also.

## **Michigan Out-of-Doors Youth Camp**

The Michigan Out-of-Doors Youth Camp is held for six to eight weeks during each summer season at the Cedar Lake Outdoor Center, located in Chelsea, MI. This camp stands out among the rest due to our emphasis placed on engaging youth in the outdoors and connecting them to the environment. We pride ourselves on our curriculum that teaches outdoor skills such as conservation and environmental sciences, target shooting, a free hunter safety course, backpacking, wilderness survival, forest management, watercraft safety and much more.

During their week at camp, youth will increase their knowledge of ecological concepts and broaden their awareness of conservation issues through hands-on nature experiences. They will also have the opportunity to practice technical skills including fishing and hunting techniques as well as riflery and archery. Our inquiry-based curriculum allows campers to investigate the natural world around them while gaining new skills and confidence in the outdoors.

History--Michigan United Conservation Clubs has operated summer youth camp programs continuously since 1946. During this time, more than 58,000 youth have learned to enjoy the outdoors safely and have left camp with a deeper appreciation and respect for the natural world.

Completed in 1940, the Cedar Lake Outdoor Center is rich in Michigan history. It was built by the Civilian Conservation Corps and has been maintained by the DNR and MUCC in the years since. The rolling landscape, white pine forest and waterfront all provide an abundance of wildlife and beauty. We are privileged to call Cedar Lake home and have spent a great deal of time and effort restoring the facilities and making improvements to the camp for the enjoyment of our campers.

We are located within the beautiful Waterloo State Recreation Area, and our property spans 250 acres, which includes beachfront access to Cedar Lake. With the help of countless volunteers, the staff, and our awesome campers, we have been providing top-notch conservation education programs and connecting kids to the natural world around them for many years. We couldn't be happier to be a part of the historic Cedar Lake Outdoor Center, and that pride shows in the place we call home.

SO, if you are interested in your youth attending one of the camps, contact Dave Moeller @ (989) 492-4285 to apply. Saginaw Field and Stream Club will sponsor 50% of the fee to attend. We will sponsor a max of (3) individuals this year. Contact us ASAP to get your preferred camp date.
